The Liberal Arts degree program prepares students for successful transfer to a four-year bachelor degree program, giving them an affordable head start in pursuing their educational and career goals.

Students will study a coherent and substantive balance of English, mathematics, sciences, arts and humanities, and social sciences. Students will learn essential skills needed to be effective in their personal and professional lives as well as in their communities.

With the help of their academic advisor, students will develop a program of study that meets their future plans. Course selection will be guided in part by the four-year college to which a student wishes to transfer.

Tuition and *fees only:

- In-State \$14,976
- NE Regional \$20,026
- Out-of-State \$30,380

Register for all of the courses recommended each semester. Take at least 14-16 credits each semester to graduate in two years. A higher percentage of students graduate when they complete 30+ credits within their first year. (Research by Complete College of America)
